Pesto Dried Herb Mixes

Hey Pesto!

CULINARY INSPIRATION TO FEED YOUR IMAGINATION

All the authentic Italian taste but none of the unnecessary waste. We have created these 2 mixes with only the finest ingredients and then freeze dried them for maximum freshness and flavour.

Just add water and a generous drizzle of Olive Oil and Hey Pesto! The magic part is you make up just as much as you want and the rest will keep for anything up to 18 months.

Pesto Genovese

Blend with a little water and some olive oil for a perfect pasta sauce. Add a spoonful of the dry mix to your favourite salad dressing. Mix with cream cheese to create a perfect topping or spread. Sprinkle over new potatoes with a knob butter.

Pesto Rosso

Blend with butter to make Pesto Herb butter perfect for stuffing chicken breasts. Warm through some of the mix with the addition of capers and spoon over oven baked fish. Stir through some Linguine dressed with Delicious Lemon infused Olive Oil.
